

August 26, 1968

*and I know I'm going to miss a lot of people who should come or are interested!*  
So PASS the word, BROTHERS  
and SISTERS

*J D, Aug 29*

Dear Brothers and Sisters,

I know many of you are in Chicago, or lost in the wilds of New York, or slaving for your dialy bred and future careers. To those who are occupied, I say hello and remind you that the plitical season at the University of Maryland is soon upon us, like a ravening, raping, Apocriphal beast, and the forces of the struggle for liberation are weak and disarrayed and scattered. So I am calling for a meeting of all those who have time and will be in town on SEPTEMBER 4, WEDNESDAY, 7:30 pm at the residence of Gregory M. Dunkel,

6819 Riggs Manor Drive

Hyattsville, ~~in~~ Maryland

422- 1964

If anybody has any ~~prop~~ proposals and plans written up or capable of being written up in a form that can be read by others, I will be glad to xerox them and pass them around. I think the problems at Maryland are: structural reforms, registration week programs, internal and external education, organizing work. (I apologize for my incoherence but I'm tired and sleepy.)

There is also going to be a STRAWBERRY SHORT CAKE DISCUSSION GROUP ~~xxxx~~ gathering on Saturday, September 7. People in the Washington Region-- AU, GU, GW, U of Md, J. Hopkins, and at-large will gather on a yet to be specified farm starting at 10:30 am to talk about

- A) McCarthy, Chicago, and electoral ~~pk~~ politics;
- B) Black students and white racism;
- C) Radical issues-- student life, campus politics, Chemical Bacteriological Warfare, Defense contracts and grants;
- D) Freshman programs.

There will probably be short reports on Chicago, the recent NIC meetings, CBW. We hope to have some people back from Cuba and the McCarthy campaign there.

The sense of the two meeting which were held planning SDS SSCDG was: it should not be considered a regional meeint, conference or convention; the topics are jsut suggestions but seem to be areas in which all chapters will find problems; how the discussion operates will depend on how many people show up and their feelings, but small, general groups are preferred to groups groping around one topic. (The U of Md SDS members ~~z~~ who attended: Liz Miller, B. Gerson, J. Phelps, Jeff Swanson and your reporter.)

During the day, and sometimes at night, I can be reached at work-- 593-6900.

Peace and stuggle,

*Gregory M. Dunkel*
