U. S. COMMITTEE
TO AID THE NATIONAL LIBERATION FRONT
OF SOUTH VIETNAM
(USCANLF-SV)

USCANLF-SV was formed in April, 1965 to publicize the just struggle of the National Liberation Front of South Vietnam against the U. S. aggression in their homeland.

As an ad hoc, New York City based committee, the USCANLF-SV's main purpose was to help counter the U. S. government's vicious propaganda attempt to hide the true nature of the Vietnam War. In 1965 it was common for peace advocates to be taken-in by the U. S. government's characterization of the "enemy" in Vietnam as terroristic "Viet-Cong. If the Peace Movement accepted this lie, who then would help educate the American public as to the causes and nature of the war?

Those who formed the USCANLF-SV believed it was necessary that the question of "who and what is the so-called 'enemy'?" be raised within the Peace Movement and that once the Movement understood that this is not just another "evil war" or "mistake," it then could begin to show that this war is NOT necessary and is NOT in the interests of either the American or Vietnamese people and that the war is the result of an imperialist foreign policy, not the people of Vietnam.

Today, three years later, we are proud to be part of a growing anti-imperialist movement within the U. S. itself. The increasing numbers of Americans who realize that they must commit themselves to a revolutionary change within their own country, owe a profound debt to the heroic Vietnamese. The example of imperialism in Vietnam has made it possible for Americans to understand U. S. exploitation in Latin America, Asia, Africa and elsewhere. The understanding and compassion that we have gained for the liberation struggle of the Vietnamese has made it easier for us to understand and side with the growing struggle of the oppressed peoples within the U. S.

Those of us who support the National Liberation Front of South Vietnam do so not just because their fight is just, but because...

THEIR FIGHT IS OURS !

LIBERATION FOR ALL THE OPPRESSED !

We would like to help you and your organization learn more about the Vietnamese and their struggle. Once you understand, we hope you will express your solidarity by urging others to do the same. Help us dispel the false notion of the Vietnamese as our "enemy" and show that the true enemy of the Vietnamese is our enemy too.
