

WAKE UP!

YOU showed up this morning, probably against your will, to be shipped off for a slipshod army physical exam that will determine whether you are "fit for military service." You'll get an unpleasant taste of what it is like to live in the Army: following orders, standing in line, going through senseless routines.

IF YOU DIG THE ARMY SCENE-DON'T READ FURTHER-BUT WHAT IF YOU DON'T DIG THE ARMY - LOTS OF PEOPLE ARE ALREADY BUSY!

In Oakland Calif., 50% of the men ordered for induction NEVER SHOW UP. Of those who do show, 11% refuse induction. Only a fraction of these are ever prosecuted because the total is so large. As it is the courts are clogged and way behind. In New York City, Chicago, Boston similar situations exist. BY STICKING TOGETHER, BY GETTING THEMSELVES ORGANIZED, PEOPLE IN THESE AND OTHER PLACES ARE ACTUALLY BEATING THE DRAFT.

CAN YOU DO ANYTHING TODAY? HELL YES!

The Selective Service System is a political institution. Your presence, and the presence of everyone else at the examination center today is a political fact. Make today a day of political education at the armed forces exam center. Hand out leaflets (we can supply them), Talk to other guys about the draft, the war, while you're just sitting or standing around in line. TURN THE HEAT ON. Ask the exam. center employees "tough" questions: Why is this or that organization on (or not on) the subversive list? What is a communist or fascist organization? Why is it their business what groups you belong to? Why is the U.S. fighting in Vietnam? Why did the U.S. invade Cambodia and Laos? Why does the draft discriminate against blacks and poor people? How can a free country even have a draft? KEEP AFTER THEM WITH THESE KIND OF QUESTIONS. YOU ARE WITHIN YOUR RIGHTS AS A CITIZEN TO ASK THEM. YOU WILL HELP ENLIGHTEN YOUR BROTHERS AND BUILD A MORE EFFECTIVE MOVEMENT BY DOING THIS.

DON'T SUBMIT PASSIVELY-MAKE TODAY COUNT
WHAT CAN YOU DO AFTER? FIGHT BACK

Get busy. Find groups who you agree with and can work with. Read underground newspapers and listen to underground radio stations to find out what's happening. Above all- DON'T JUST LET IT GO. There's stuff going on and if you get active things will get that much better.
