TO WHOM IT MAY CONCERN:

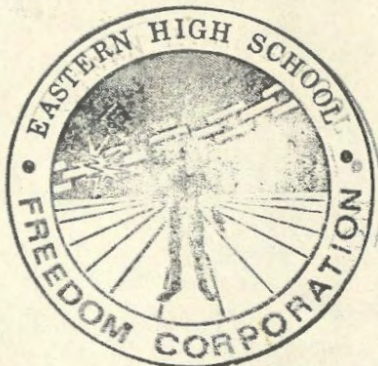

Brothers, Sisters, and Friends in our school system. Today there's a REVOLT determining whether BLACK STUDIES will seek the educational level they're asking for (SELF IDENTIFY). We can no longer blame the younger generation for what their forefathers have done. (Men don't become by nature what they are meant to be, but by what society makes of them.) We can blame them for what still exists in the racist society. It is our obligation as the young generation to bring about or demand a change in our educational system as well as in society. Education is an important element in our community today by means of rediscovering ourselves thereby gaining respect for ourselves and others. The late and former President John F. Kennedy stated, "Ask not what your Country can do for you, But ask what you can do for your Country." MALCOLM X was for any means necessary, so, was Martin L. King. Are You?.....

Let's unite our strategy. It is up to us.

We at the Freedom School are going into a second year of operation on funds we hope will be granted by individuals and different foundations. We would appreciate your contributions toward the opening of the school on October 1, 1969.

Sending a contribution will not only help the school, but you will also receive information on the opening of the Eastern High School Freedom Annex, and its proposals for "68 & 69," and a proposal written by the Assistant Superintendent of Secondary Schools Education, accreditation of the Freedom School, by George Rhodes.

For more information contact the school at (202) 543-2750
