...we have embarked on a 75-day peace vigil in front of the White House...if our current numbers are any indication of a desire for peace in this country, that desire is negligible - and can be easily ignored by the man behind the cast iron fence.

DO YOU CARE IF OR WHEN THE WAR IN VIETNAM ENDS?

- * join us in weekly fasts dedicated to peace.
- * join us in Washington between now and April 27.

COME JOIN US IN WASHINGTON ! ! !
