

A JOURNAL

WILL COME OUT OF
THIS CONFERENCE

WE SINCERELY WANT
EVERYONE TO
CONTRIBUTE TO IT

IT
WILL
BE
CALLED
THE

PEOPLES PEACEMAKER

This is a conference for organizers. The journal must be made as valuable a tool for organizing as we can make it.

THINK!! of strategies and ideas for organizing

- * What groups might we work with to gain support ?
- * In the situation that YOU are in (high school, college, church, factory, political or social organization), how can people be educated about the treaty to gain their support?
- * How can we get on city or state ballots? How can we win when we do?
- * If the treaty is ratified by masses of people, will we "enforce" it? If so, how?
- * What do you like or dislike about the conference itself? What is valuable? What is useless? How could a conference like this be made less alienating and more productive?

A TABLE

will be set up at the location of each day's activities. It will be marked by a large "People's Peacemaker" sign. USE the back of this sheet (or anything else) to write down an idea or information that other peace treaty organizers could use. DROP IT OFF at the "People's Peacemaker" table.

MONEY

is needed desperately! Drop it off at the table too.
