

# CHILDREN'S MARCH FOR SURVIVAL

SATURDAY MARCH 25 - WASH. D.C.

### Children's March for Survival

March 25 - Washington, D.C.

Children are suffering from poverty, hunger, malnutrition, poor schools, poor health, inadequate housing, an exploited environment, and the war. Children are especially being oppressed by Nixon Administration programs and policies. Nixon claimed to want child care for all children but vetoed the Child Development Bill. Nixon promised to end hunger but instituted cutbacks in federal feeding programs. Nixon claims his Family Assistance Plan (FAP) is reform but it will really repress millions of this nation's poor children. The survival of our future generation is at stake. We must march on March 24 in Washington, D.C. for the survival of our children.
