Is Your ICEBERG (HEAD)

Lettuce POISONED

10,000 cases of poisoned ICEBERG LETTUCE were sold to consumers in January. Pesticide levels were 2 1/2 to 6 1/2 times the federally allowed maximum level.

DANGEROUS ORGANO - PHOSPHATE Pesticides derived from NERVE GAS formulas are still in use and hazardous to consumers as well as to field workers.

HELP the United Farm Workers fight pesticide poisoning.

Pesticide Contaminated

Only the United Farm Workers Union has pesticide controls written into its contracts. Buy United Farm Worker Iceberg Lettuce and:
