Ecology and/or to sell the special issue of
OFF OUR BACKS at various colleges, high-
schools and churches in the area. Call the
office to volunteer

GENERAL NEWS

The Magic Quilt

On March 23, at the city wide meeting a proposal was suggested which would help us organize the business structure of Washington Women's Liberation. Instead of City Wide on Monday night, there would be a meeting of a representative body of at least one person from each project and discussion group. The length of time this person would serve would be determined by her group. These meetings would be open to anyone who wanted to come but a designated representative would be expected to attend each week or send someone in her place. These representatives would also deal with decisions which needed to be made mid-week.

Once a month there would be a general gathering to have fun and get to know each other in a relaxed setting. This gathering could include project group presentations, pot-luck dinners, etc.

Please discuss this proposal in your various groups and be prepared to discuss and decide whether to adopt it at the Monday meeting, April 13.

OFF OUR BACKS:

The next issue will be a special issue on Women and Ecology-- just in time for the April 22 teach-in. It's important for this issue to be circulated--3000 more issues will be printed. Street sellers are especially needed. Bulk copies may be obtained by calling Susis Buckley, 265-4670 or the newspaper office, 562-4142

Women's Health Conference

Women from all over the East Coast who work in and use the health care system are planning a conference to discuss their relation to the health system. The conference will be held in New Haven, Conn., on April 10, 11 and 12. The tentative agenda includes: Friday, 7 P.M.: registration and movie. Saturday morning: panel with speakers from the women's health movement. Saturday afternoon: discussion. Saturday evening: communal supper and party. Sunday: panel and discussion on Change and Struggle. If enough people from Washington want to go there is a possibility of chartering a bus. If you are interested contact Alice Wolfson or Judy Spelman
