

ANTI-DRAFT WEEK

March 16-22

" . . . we are sick at heart, our hearts give us no rest for thinking of the Land of the Burning Children . . . We say: killing is disorder, life and gentleness and community and unselfishness is the only order we recognize. The time is past when good men can remain silent, when obedience can segregate men from public risk, when the poor can die without defense. . . How many must die before our voices are heard, how many must be tortured, dislocated, starved, maddened? How long must the world's resources be raped in the service of legalized murder? When, at what point, will you say no to this war?

--Daniel Herrigan

The pain of Asia is real. The scrapnel, phosphorus and bullets cut and burn and kill the peoples of Asia. Yes, they have been horribly hurt and the men who daily order their destruction order our destruction also. Before a single draftee killed or was killed we were all told to register for killing - to carry a card like a Jew in Nazi Germany.

We must stop the murder of men. We must end our subservience to the men who order their death. As long as we allow ourselves to be registered and classified and inducted by the Selective Service System the suffering will continue. To free others from American harm we must first free ourselves.
